

In addition to the classrooms, ODFL has built latrines, a library, learning resource centers, and classrooms at Villa Japon and Los Laureles that can be opened to be used as an auditorium for school use, or as a resource for community meetings and adult education.

New classrooms at 15 de Septiembre

Auditorium at Villa Japon

Library at Los Laureles School

Learning resource center in Tipitapa

These are just a few of the many projects ODFL has completed in just one developing world country. Altogether, we have completed more than 120 such projects in 16 countries. Classrooms, medical clinics, latrines, science labs, libraries, water wells, and more. They *dramatically* improve life chances for some of the poorest people in the world.

DO NOT DOUBT that your donation of even one dollar can change the world. It already is. As our motto says, “Even the greatest waterfall starts with a single drop of water.” You are one of those drops! As with all ODFL projects, EVERY DOLLAR DONATED goes into the designated project.
